

Franklinville Dec^r 3 1847.

J. Cary Esqr

Dr Sir

Young of the 30th inst came to hand this morning. I went immediately to James St. John, - and he requested me to say to You that the papers might be made out & sent that he would make out fifty dollars for You on the 62^d day of the first of January next, leaving a balance of two hundred dollars on which he would want time say some five or six years. St. John tells me he has the due to him which he thinks he can get by the first of Jan^y - if not he will borrow it. Messrs St. John & Giffes are both honest men I believe & will do as they may agree if passable - I remain Yours

Obt^d Servant
